SBFHL070

A perfect combination

This unit, which acts as a fan and a heating lamp at the same time, is a very useful 2-in-1. It effectively evacuates humidity from the bathroom and heats it slightly to ensure maximum comfort when you exit the bath or shower. Moreover, it is possible to use a double switch to control the fan and the lamp independently.

SBFL070

A bright choice!

The SBFL enables you to evacuate humidity from your bathroom and to light it gently as well. You will save money for sure since you do not have to purchase a separate lamp to light your bathroom. Moreover, its discrete grille will blend with your décor and its powerful motor will ensure an excellent performance.
